

Mission statement

Our products are recyclable and therefore give priority to environmental concerns.

We leverage the strengths of an independent family business.

We strengthen cooperation with our partners through clear agreements.

We are committed to resource-saving production.

We work to seek the best solution for our customers.

Each one of us takes responsibility for our duties, the agreed goals and the trust that is placed in us.

We are constantly reviewing our processes in order to improve them.

We are constantly improving our knowledge.

We value our employees and are open and fair to each other.
